

FALL 2020 NEWSLETTER

Our 2020-2021 School year started on September 8, 2020. Both online and in-person lessons will be offered. Please contact your local school administrators to register for your classes. Our class schedule are filling up quickly, please act fast!

2020 has been a challenging year for all of us. Our Academy worked hard to keep our lessons going during the beginning of the pandemic in March. We started our online program after the Spring break. Thanks to our hard working IT team in Tom Lee Music, our online was set up without any delays. Our Yamaha programs continue online as well as our private classes. It was a total new experience for both students and teachers. We understand that it is not the perfect solution but at least we can minimize the disruption to our students' ongoing music education.

With the current situation, our Academy will be opened partially. Only the bigger studios will be used for in-person instruction. We have also equipped with safety guard barriers in our studios to give protection to our staff, teachers and students.

For our Yamaha Music program, our classes will be run in a different format. Both in-person and online will be conducted simultaneously at every class. This will let students have a option to come to class or stay online from home to continue their lesson. Kudos to our dedicated

teachers and administrators who are committed in helping our students go through these challenging times.

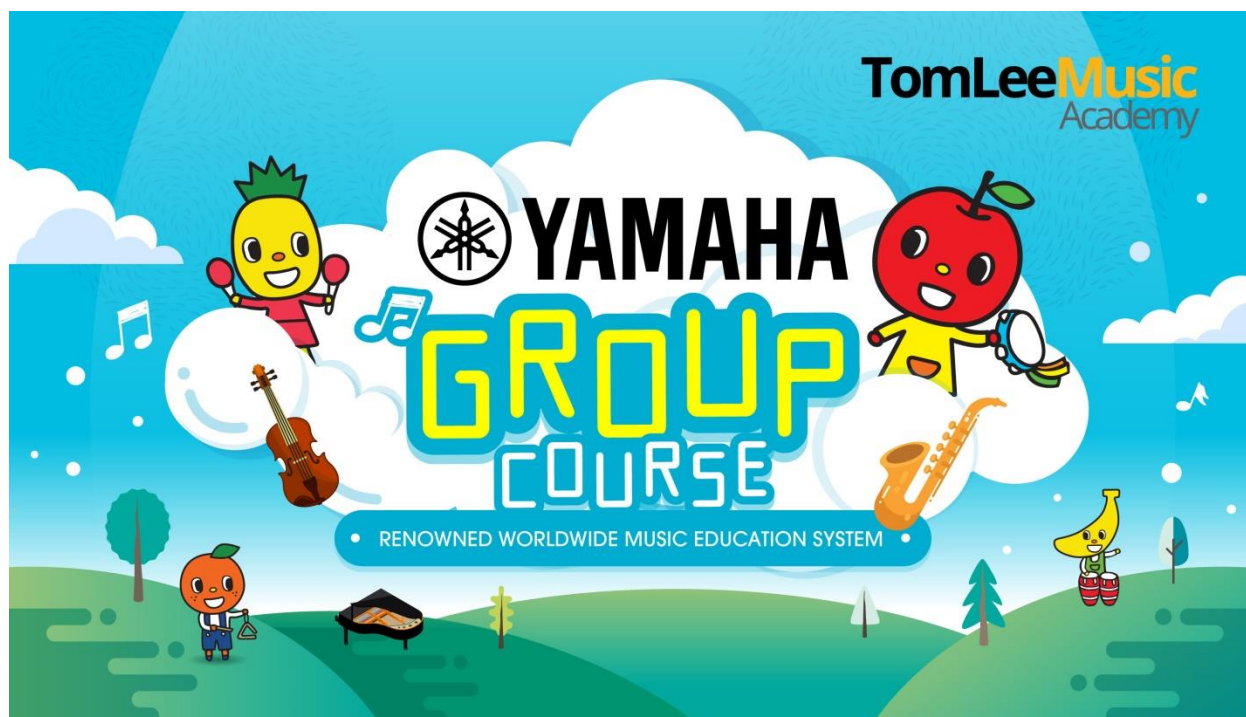

We held our first ever online music festival in June and had overwhelming participation from our students through submission of videos. On June 26, we had our virtual concert and awards ceremony for the 40 top participants. Congratulations to everyone who participated for achieving the practice goal which showed in their videos.

Online Music Festival Winners
